POWER MOVES®

2020 RESIDENTIAL REBATE PROGRAM

Geothermal Heat Pump (with Electric Backup)

- Water-to-air closed loop ≥ 17.1 EER / ≥ 3.6 COP
- Water-to-air open loop ≥ 21.1 EER / ≥ 4.1 COP
- Water-to-water closed loop ≥ 16.1 EER / ≥ 3.1 COP
- Water-to-water open loop ≥ 20.1 EER / ≥ 3.5 COP
- Condenser and coil must be replaced and installed as a matched set

CLOSED LOOP, REPLACING: *electric resistance, fossil fuel, or into new construction*	$1,500
OPEN LOOP, REPLACING: *electric resistance, fossil fuel, or into new construction*	$1,500

Air Source Heat Pump - Split System (with Electric Backup) (Ducted)

- ≥ 16 SEER
- ≥ 9.0 HSPF
- Electric back up only
- Condenser and coil must be replaced and installed as a matched set
- New system must heat and cool entire home

REPLACING ELECTRIC RESISTANCE: *electric furnace, ceiling cable, baseboard*	$750
REPLACING FOSSIL FUEL: *propane or fuel oil*	$750
REPLACING EXISTING AIR SOURCE HEAT PUMP	$250

Ductless Air Source Heat Pump (with Electric Backup) (Mini Split)

- ≥ 17 SEER
- ≥ 9.0 HSPF
- Electric backup only
- Condenser and coil must be replaced and installed as a matched set

REPLACING ELECTRIC RESISTANCE: *electric furnace, ceiling cable, baseboard*	$300
REPLACING FOSSIL FUEL: *propane or fuel oil*	$300
REPLACING EXISTING AIR SOURCE HEAT PUMP	$300

Natural Gas, Propane, and Fuel Oil with Heat Pump - Split System (Ducted)

- ≥ 16 SEER
- ≥ 9.0 HSPF
- ≥ 90 AFUE
- Condenser and coil must be replaced and installed as a matched set
- New system must heat and cool entire home

REPLACING ELECTRIC RESISTANCE: *electric furnace, ceiling cable, baseboard*	$500
REPLACING FOSSIL FUEL AND CENTRAL AIR CONDITIONING	$500

Heat Pump Water Heater

- Minimum UEF of 2.0.

REPLACING ELECTRIC RESISTANCE TANK	$400
NEW CONSTRUCTION	$400

Variable Speed Pool Pump

- ENERGY STAR®

REPLACING EXISTING SINGLE STAGE POOL PUMP	$250

Visit PowerMoves.com or call your local electric cooperative's Energy Advisor for more information.

PURCHASE RECEIPTS REQUIRED FOR ALL REBATE APPLICATIONS.

AHRI Certificates required for all geothermal, air source heat pump, and heat pump water heater rebate applications.

Heat loss/heat gain calculations required for geothermal and air source heat pumps.

Failure to provide requested information may result in forfeiture of rebate.

All installations are subject to verification and/or inspection.

For full requirements, see applications.

REBATE PROGRAM ENDS DEC. 31, 2020 AND IS SUBJECT TO CHANGE WITHOUT NOTICE.

Noble REMC

A Touchstone Energy® Cooperative

200. Residential Incentive Program

Air Source Heat Pump – Ducted Split System

- At least 9 HSPF, 16 SEER
- Rebate: $150 per ton

Air Source Heat Pump – Ductless Mini-Split System

- At least 9.5 HSPF, 15 SEER
- Total rebate: $300

Noble REMC rebates cannot be combined with any other rebate programs, including POWER MOVES®, featured on the other side of this info sheet.

Copies of the invoice(s) for the new equipment must be sent in with the application, and all invoices must be marked "paid" or show a zero balance.

A copy of the Air Conditioning, Heating and Refrigeration Institute (AHRI) certificate and a copy of the heat loss/heat gain calculation must also be included.

For full requirements, see application.
Copies can be found online at nobleremc.com.

DID YOU KNOW WE ALSO OFFER INCENTIVES FOR WATER HEATERS?

If you buy through Noble REMC, you'll receive an AO Smith electric water heater for the price of $344, which is below our cost.

But guess what?
If the water heater is being installed in a new home, there's NO CHARGE for the water heater.

If you're going from gas to electric, you'll receive a $100 installation and wiring allowance.*

Simply changing out your old electric water heater? You're still eligible for a $50 installation allowance.*

We also provide an $85 annual maintenance allowance for the cost of labor and parts on the electric heating units, and honor a six-year tank and parts warranty.

Hybrid water heaters are also available at a cost of $1,220.
The good news?
They're eligible for a $400 Power Moves rebate!
If it's being installed in a new home, there's also a $150 discount available.
Apply both incentives, and you've slashed the price nearly in half!

*Must be done by a qualified plumber or electrician.
